# ABOUT US

DenFresh is a leading company in the food production industry in Iran, with over 20 years of experience. We specialize in producing high-quality food products such as tomato paste and various fruit concentrates, including orange, apple, pomegranate, white grape, red grape, and cherry.

The primary advantage of our products lies in using the best cultivation methods and selecting premium-quality fruits. Our commitment to excellence and innovation ensures that we deliver the freshest and healthiest ingredients to customers worldwide, including exports to CIS countries like Uzbekistan, Azerbaijan, Armenia, and Turkmenistan.

It is worth noting that all production processes are managed with an innovative system for automatic control and food product tracking, ensuring that we deliver the best and highest-quality products to our global customers.

We believe in sustainability and adhere to the highest quality standards at every stage of production, from sourcing raw materials to the final product.
